PERSONAL PROFILE

With a strong foundation in Java programming, HTML, CSS, and JavaScript, I am eager to leverage my technical skills and programming expertise to contribute meaningfully to organizational success. My goal is to work diligently and collaboratively in a dynamic environment, delivering innovative solutions and continuous value..

EXPERIENCE

Software Developer

ZOHO | Aug 2024– Dec 2024

- During the internship, I have learned Html, CSS, Javascript and Java . I am improved my personal development through this internship.

PROJECTS

PIR MOTION DETECTOR

- Passive Infrared (PIR) sensors are commonly used in indoor applications to detect human presence.

DIGITAL CLOCK

- Developed a fully functional digital clock using HTML, CSS, and JavaScript to display real-time time updates

CURRENCY CONVERTER

- Built a currency converter application using HTML, CSS, and JavaScript that allows users to convert between multiple currencies in real time. Integrated an API to fetch live exchange rates, providing accurate and up-to-date conversions.
